

Financial Aid

General Information

The financial aid program at the University of Arkansas Community College at Batesville is designed for qualified degree seeking, unconditionally admitted students who may need financial assistance to continue their college education. Students may receive scholarships, grants, loans, employment opportunities, or a combination of these types of aid. UACCB participates in most federal and state financial aid programs available to students. Financial aid recipients will be emailed a copy of the Satisfactory Academic Progress Policy each semester and it is also available on the UACCB website. Federal aid is available for students seeking an associate degree, a technical certificate or approved certificates of proficiency.

Eligibility for Federal Financial Aid Programs

GENERAL REQUIREMENTS

A student is eligible to apply for financial assistance through Title IV programs (Federal Pell Grant, Federal Supplemental Education Opportunity Grant, Federal Stafford Loan, Federal Plus Loan, or Federal College Work Study) if the following criteria are met:

1. The applicant completes the Free Application for Federal Student Aid (FAFSA). *Students must complete the FAFSA each year.*
2. The applicant is a U.S. citizen or an eligible non-citizen.
3. The applicant is an unconditionally admitted student enrolled at UACCB.
4. The application is seeking an associate degree, a technical certificate or approved certificates of proficiency.
5. The applicant maintains Satisfactory Academic Progress (SAP).
6. The applicant is not in default on a Guaranteed Student Loan (GSL) and/or does not owe a repayment to a Title IV program at any institution.

Federal Financial Aid Programs

The Free Application for Federal Student Aid (FAFSA) must be processed to determine eligibility for the following federal financial aid programs.

FEDERAL PELL GRANT

A Federal Pell Grant is awarded to help undergraduate students pay for their education after high school. In compliance with the Federal Pell Grant Program, an undergraduate is one who has not earned a bachelor's or professional degree. This grant program provides a "foundation" of financial aid for many students to which aid from other federal sources may be added. Unlike loans, grants do not have to be repaid. The amount awarded will depend on the Expected Family Contribution (EFC), on the cost of education, enrollment status, and whether or not attendance is for a full academic year or less.

FEDERAL SUPPLEMENTAL EDUCATION OPPORTUNITY GRANT (FSEOG)

The FSEOG is a grant intended to supplement other aid received. These grants are federally funded with each school receiving a fixed amount each year. Therefore, funds are awarded to a limited number of undergraduate students with exceptional financial need. FSEOG awards do not have to be repaid and usually range from \$200 to \$400 per academic year depending on the availability of funds.

FEDERAL STAFFORD LOAN

The Federal Stafford Loan is available through the William D. Ford Direct Loan Program to help students pay for their college education. There are two types of Stafford loans, **subsidized** and **unsubsidized**. Eligibility for subsidized loans is based on financial need as determined by federal guidelines. The federal government pays the interest for subsidized loans while the student is enrolled at least half time and during the six-month grace period after the student ceases attendance on at least a half-time basis. With an unsubsidized loan, the student is responsible for all interest that accrues while attending school and during the six-month grace period. A student may choose to pay only the interest portion while in school, which would keep the loan balance at principal. If a student chooses to defer such payments, the interest will be capitalized, resulting in an increase in both total debt and the amount of monthly payments. Loan repayment begins six months after the student graduates or ceases to be enrolled at least half-time. All borrowers must complete Online Entrance Counseling and a Master Promissory Note prior to the first loan disbursement. All borrowers must also complete Online Exit Counseling upon graduation or termination of enrollment. All federal loan funds must be repaid according to the terms specified in the master promissory note.

FEDERAL PARENT PLUS LOAN

Federal parent plus loans enable parents of dependent students to borrow a variable rate, low-interest loan for each daughter or son who is enrolled at least half-time. Parents must pass a credit check with the US Department of Education to be eligible. Parents may borrow up to their student's total cost of attendance less other financial aid received. The total cost of attendance is determined by the Office of Financial Aid based on an average cost for tuition, books, room and board, travel, and miscellaneous expenses for the academic year. Generally, repayment begins within 60 days after the final loan disbursement is made to the borrower.

FEDERAL WORK STUDY

The federal work study program provides jobs for students who qualify and who need an income supplement to help pay for college expenses. Student employment falls into two categories: Federal Work Study, which is determined on the basis of financial need; and Institutional Work Study, which is determined by the degree of work skills possessed and availability of jobs. Earnings will be at least the current federal minimum wage. The total amount that a student earns will depend on the number of hours that the student works each week. Most students work between 10 and 20 hours per week and are paid every two weeks. Types of employment include secretarial, clerical, custodial, library, tutoring, maintenance and some off-campus community service jobs.

How to Apply for Federal Financial Aid Programs

Students must complete and submit a *Free Application for Federal Student Aid* (FAFSA) each year to apply for federal student financial aid and to apply for most state and college aid. This application is used to determine eligibility for Financial Aid Programs. Certain types of aid are awarded as funds permit on a first-come, first-served basis to those demonstrating need. All participants are encouraged to apply as early as possible. Applying online with *FAFSA on the Web* is faster and easier than using a paper FAFSA. To apply for financial aid follow the step below:

1. Complete the FAFSA online at www.fafsa.ed.gov or obtain a paper application by calling 1-800-4-FED-AID and mail in the application. If a student chooses to fill out the FAFSA online, UACCB will receive the results within 3 business days. If a student chooses to mail in the application, UACCB will receive the results within 4 to 7 weeks. The Title IV institutional code for UACCB is 014042.

Other Federal Financial Assistance Programs

VETERANS' AFFAIRS

Military service veterans and the sons, daughters, husbands, wives, widows, or widowers of deceased or 100% disabled veterans may be eligible to receive benefits from Veterans' Affairs. For more information call the Department of Veterans' Affairs at 888-442-4551 or go online at www.gibill.va.gov. UACCB's Veterans' Affairs representative is located in the Office of Student Information/Registrar.

WORKFORCE INVESTMENT ACT (WIA)

The University of Arkansas Community College at Batesville works with the Northcentral Arkansas Development Council (NADC) in placing students in programs. This program can assist students with expenses associated with attending UACCB. For more information contact NADC at 870-612-8163.

State Funded Financial Aid Assistance

The Arkansas Department of Higher Education administers financial aid programs that are available to eligible students in the state of Arkansas. These programs include the following:

- Arkansas Academic Challenge Scholarship
- Arkansas Health Education Grant Program
- Career Pathways
- Governor's Scholars Program
- Law Enforcement Officers Dependents Scholarship
- Minority Teacher Scholarship
- Minority Masters Fellows Program
- Military Dependents Scholarship (formerly MIA/KIA)
- Opportunities Grant Program
- Second Effort Scholarship
- Teacher Opportunity Program (TOP)
- Workforce Improvement Grant
- Student Undergraduate Research Fellowship (SURF) Program

For applications and information on these programs contact the Arkansas Department of Higher Education at 800-54-STUDY or go online at www.adhe.edu.

Revisions in Financial Aid

Financial aid recipients may experience changes, cancellation or revisions in their financial aid packages due to any of the following reasons:

1. Additional outside aid becomes available.
2. A change in the family's financial circumstances.
3. A change occurs in the student's enrollment status.
4. Failure to meet Satisfactory Academic Progress Policy.
5. Financial aid administrator becomes aware of conflicting information.

It is the student's responsibility to notify the Financial Aid Office of changes that may affect the student's eligibility.

Return of Title IV Funds (R2T4)

Students who withdraw from school prior to the 60% completion point of any semester will require a R2T4 calculation to determine how much of their financial aid was earned and how much should be paid back to the school and/or federal government. The withdrawal date is the date that the Registrar's office receives the official withdrawal form. For a student who did not provide notification of his or her withdrawal to the institution, the date that the institution becomes aware that the student ceased attendance should be used as the withdrawal date. If the student ceases attendance without providing official notification to the institution of his or her withdrawal, the mid-point of the payment period or the last date of recorded attendance is used as the withdrawal date. Only students who have withdrawn from all classes are subject to the return of Title IV funds formula.

The amount that is returned is calculated using the percentage of aid earned by calculating the percentage of the period that the student completed based on the withdrawal date. The amount of aid a student received is considered in the calculation to determine how much was actually earned. If unearned funds are to be returned, the amount that the student or the school must return is calculated.

For a student who provides notification to the institution of his or her withdrawal, R2T4 is determined by the student's withdrawal date or the date of notification of withdrawal, whichever is later. For a student who did not provide notification of his or her withdrawal to the institution, the date that the institution becomes aware that the student ceased attendance is used as the withdrawal date.

Students who unofficially withdraw are identified as having all failing grades (F) on their semester grade report. If students who unofficially withdraw are able to provide documentation proving their attendance in any class after the mid-point of the semester, the financial aid office will then re-calculate R2T4 funds based on the modified date as the withdrawal date.

R2T4 funds will be returned using the following priority:

1. Unsubsidized Federal Stafford loans
2. Subsidized Federal Stafford loans
3. Federal PLUS loans
4. Federal Pell Grants for which a return of funds is required
5. Federal Supplemental Educational Opportunity Grants

Satisfactory Academic Progress Policy

All students enrolled at UACCB who receive any Title IV aid should meet the following Satisfactory Academic Progress (SAP) requirements. Students' academic progress will go through a review at the conclusion of each semester of each school year and/or during the application process. Transfer work will be evaluated in the same manner as credit hours received at UACCB.

1. Students must be admitted and enrolled in an associate degree or eligible certificate granting program.
2. Each semester students must also complete a minimum of 67% of cumulative attempted hours. Completed credits include grades of A, B, C, D and P (Pass). For example, the maximum time frame for a 60 credit hour program is 90 hours. 60 divided by 90 is 67%. If a student earns 67% of the credits attempted in each term, the student should complete the program within the maximum time frame. If the student takes 12 credit hours in the fall and earns 12 credit hours, the student has earned 100% of credits attempted. In the spring, the student enrolls in 18 credit hours and earns 15 credit hours. He has earned 27 out of 30 attempted hours. 27 divided by 30 is a pace of 90%.
3. Withdrawal from the university and/or receiving a 0.00 G.P.A. for a semester are viewed as unsatisfactory progress and those students are disqualified from financial aid. Students who withdraw from classes or drop classes will have those courses counted as attempted credits, but not completed credits. (The completion of remedial courses is considered in the 67% attempted/completion standard above.)
4. Incomplete course work will be evaluated as failing grades until the course has been satisfactorily completed or an explanation accepted by the Financial Aid Director. Incomplete courses are considered as attempted credit and are evaluated as incomplete coursework for satisfactory academic progress. Incomplete courses are not considered as part of a student's GPA, but will be considered as part of the overall timeframe to complete a program of study. The grade "I" should only be assigned when a student has not completed a significant component of a course (i.e. an exam, paper or project) and the student has a valid rationale for this failure. A student receiving an "I" must meet with his/her instructor and contractually make arrangements to complete the course requirements no later than the end of the next regular semester (fall or spring). The student should maintain a copy of this contract for reference. The instructor, division chair and the Director of Student Information/Registrar will also keep copies of the contract.

Faculty members will submit the grade by the end of the next regular semester following the one in which the "I" designation was received. The College will change the "I" designation to a grade of "F" if a grade is not assigned within the specified time period. A student may petition for an extension not to exceed one year because of extenuating circumstances. A written request by the student should be submitted to and approved by the Vice Chancellor for Academics. Students may not re-register to take a course for which an "I" designation has been received until the grade designation has been changed.

5. Students must achieve a 2.0 GPA at the end of each semester to maintain satisfactory academic progress.
6. If a student changes his/her program of study while attending UACCB, he/she should notify the Financial Aid Office. All credits under all programs of study will be included in the calculation of attempted, earned, and maximum timeframe credits, as well as the cumulative GPA calculation. If a student continues to take classes toward a second degree, after completing all required coursework for a first degree, the student may continue to receive financial aid as long as he meets the 150% timeframe and GPA requirements for the 2nd degree. Students pursuing a second undergraduate degree or certification will need to submit a degree plan approved by their academic advisor indicating the required courses. If approved by the financial aid office, a new maximum time frame will be established for that pursuit.
7. If a student repeats courses, all of the attempted credits for each attempt will be considered as part of the calculation for attempted and earned credits. Only the most recent attempt of the course will be considered as earned credit, providing the student completes the course. Repeated courses will not be considered as part of the student's GPA for the purposes of satisfactory academic progress evaluation. For a student who is eligible for financial aid, only the first two attempts of a course will be funded.
8. Remedial courses taken while receiving financial aid are considered as attempted credit hours and are evaluated as part of the calculation for PACE. Additionally, remedial courses are considered credit courses and will be evaluated as part of the student's GPA.
9. If a student does not make satisfactory academic progress he/she will be placed on Financial Aid Warning. The student may continue to receive Title IV aid for the following semester. No appeal is necessary.
10. At the end of the Warning semester if the student makes satisfactory progress, the Warning status is removed. If the student does not make satisfactory progress, the student is disqualified for financial aid.
11. The student may submit a written appeal of financial aid disqualification to the UACCB Financial Aid Office if extenuating circumstances exist. Examples of extenuating circumstances may include death of a relative or student injury/illness. The appeal must include why the student failed to make satisfactory progress and what has changed that will allow the student to make satisfactory process at the next evaluation. The appeal may be approved with one of the following status definitions:

-Probation: With this status the student would be eligible for Title IV aid for one additional semester only. If the student does make satisfactory progress at the end of the Probation semester, his status will be updated to Satisfactory. If the student does not make satisfactory academic progress, the student's financial aid will be placed in a Terminated status with no further avenue for appeal.

-Academic Plan: With this status an individualized academic plan would be developed for the student that will allow the student to make satisfactory academic progress standards by a specific point in time. Examples of academic plan requirements may include, but are not limited to, regularly scheduled meetings with an academic advisor, minimum number of visits to the Student Success Center and financial literacy workshops. At the conclusion of the Academic Plan, if the student does make satisfactory progress, his status will be updated to Satisfactory. If the student is not making satisfactory academic progress the student's financial aid will be placed in a Terminated status with no further avenue for appeal.
